Milenyia Home Dimming System

A Milenyia Home Dimming System gives you convenient, one-touch control of all your home lighting. With Milenyia, lights can be turned on and off from anywhere using the portable keypad.

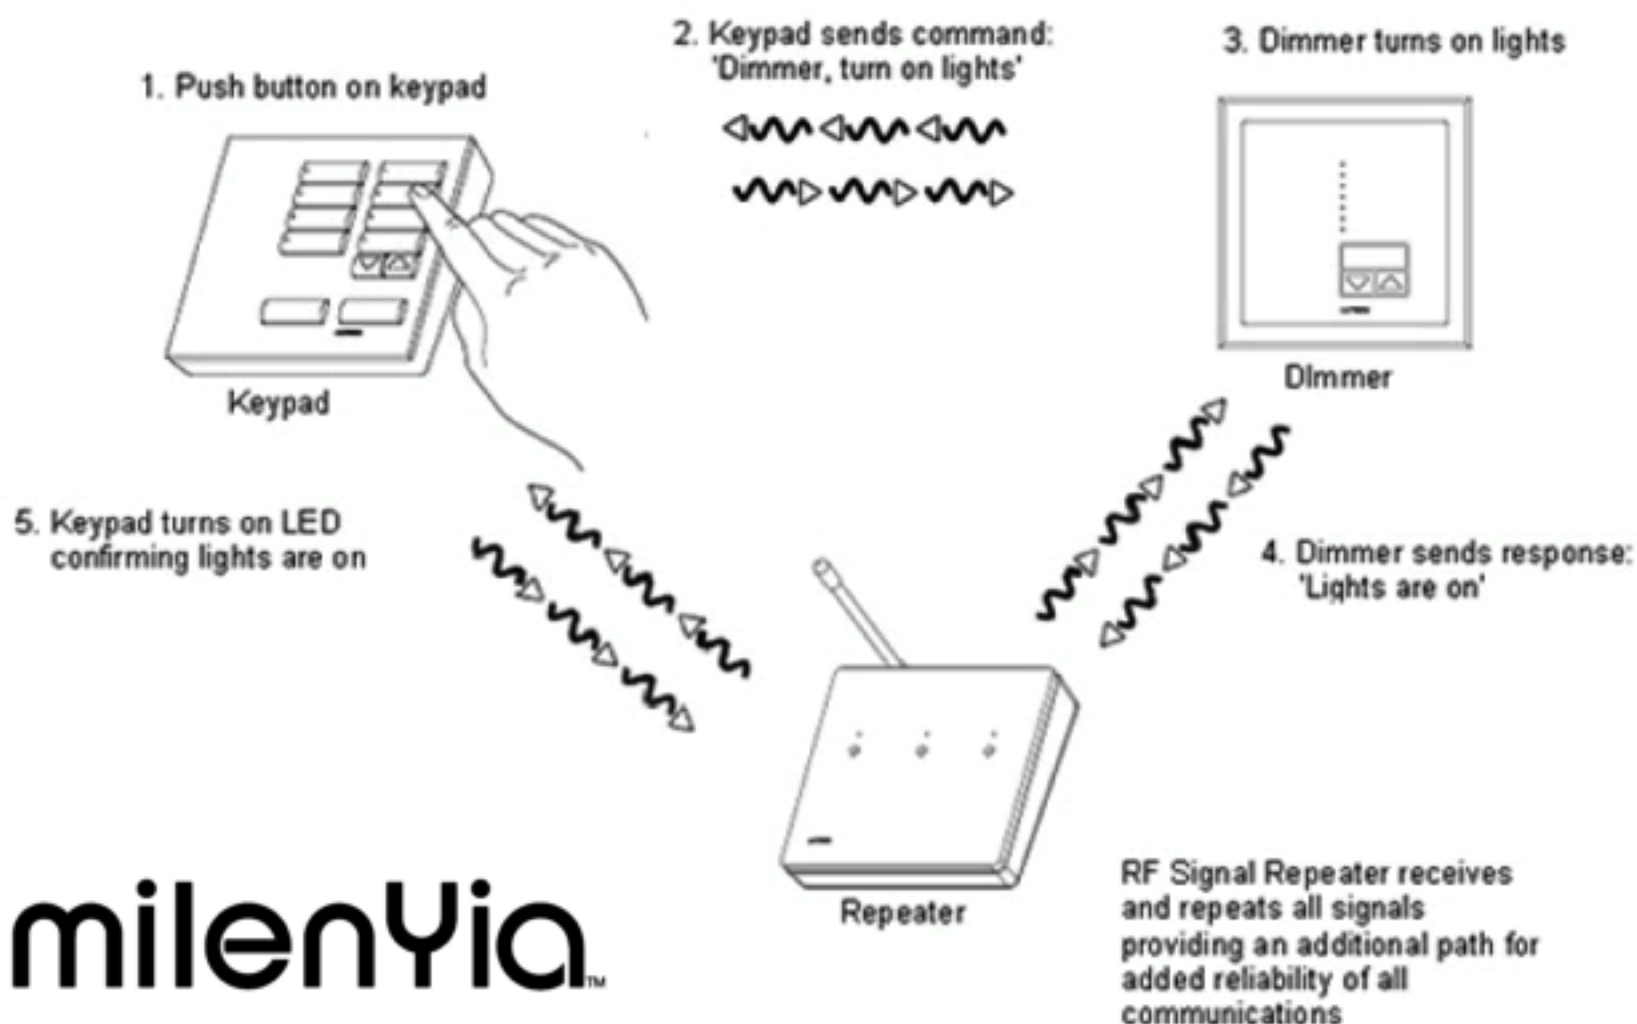

Home Dimming Features

- Control multiple lights in your home from one point
- Turn on your lights from a master control and never enter a dark home
- Easy-to-install retrofit lighting control
- No new wiring needed for installation
- Replace existing switches with Milenyia RF dimmers
- Wireless communication between components using innovative radio frequency technology
- Installs like a switch

Specification Features

- CE compliant
- 10 year power failure memory
- Precise colour match across all components
- Heavy duty components for surge protection and long product life
- Intelligent short circuit and overload protection in dimmers

How the Milenya System Works

milenya™

The Milenya System uses 2-way radio transmissions, as well as other safeguards, ensuring reliable communication between devices.

The Keypad allows control of an individual light or a group of lights. Preset scenes can be recalled with the touch of a button.

Status LEDs on the Keypad tell you at a glance if lights are on or off.

Applications Packages

All Milenya Packages are pre-programmed and ready to use out of the box. Once installed, the system can be adjusted to store the perfect scenes for your home.

Welcome Home Kit

Package includes:
 1 Keypad
 3 Milenya Wall Dimmers
 1 RF Signal Repeater

Model number:
 MN-WHKIT-E-IAW-M

Bedroom Room Kit

Package includes:
 1 Keypad
 1 Milenya Wall Dimmer
 1 Milenya Lamp Dimmer
 1 RF Signal Repeater

Model number:
 MN-LRKIT-E-IAW-M

Home Cinema Kit

Package includes:
 1 Keypad
 2 Milenya Wall Dimmers
 1 RF Signal Repeater

Model number:
 MN-CNKIT-E-IAW-M

Components

Milenyia RF Dimmer:

Preset intelligent dimmer

- Universal load-sensing dimmer for use with low voltage (12V ELV or MLV) and incandescent/Halogen (230V) lighting
- 50 – 450W/VA load
- Single or Multi-way applications*

***Note:** For multi-way applications (dimming from multiple locations), use one Milenyia Wall Dimmer and up to nine Rania Accessory Dimmers.

Model numbers:

MDSU-452B-IAW-M

Milenyia 450W/VA RF Dimmer, White with Insert and Frame

Milenyia RF Lamp Dimmer:

Preset intelligent lamp dimmer

- For use with table or floor lamps
- Incandescent/Halogen (230V) lighting
- 40 – 300W load

Model numbers:

MLPI-30SB-NAW-M

Milenyia 300W RF Lamp Dimmer, White with Schuko plug

milenYia™

Milenyia RF Keypad:

RF Control for Milenyia System

- 8 button with All On, All Off and Raise/Lower
- Portable control with batteries (Batteries and 9VAC adapter supplied)
- Pre-printed labels for scene names

Model numbers:

MTMC-8RL-E-AW-M

Milenyia 8 button Keypad, White

Milenyia RF Signal Repeater:

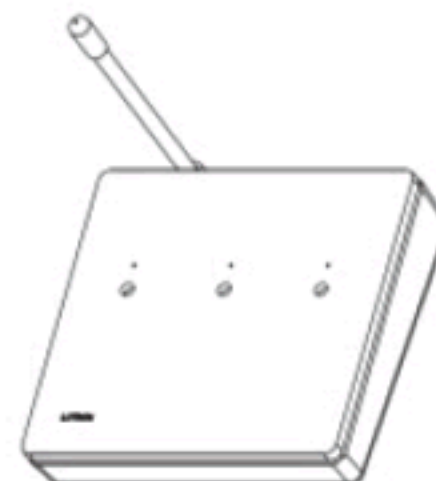

RF Signal Repeater to ensure reliable communication between devices

- Place in a central location
- All devices must be within 10m range of the Repeater in any direction
- 9VAC adapter provided

Model numbers:

MN-REP-E-AW-M

Milenyia RF Signal Repeater, White

Accessory Control:

Provides Multi-Location Dimming when used with Milenyia RF Wall Dimmer

- Connect up to 9 Accessory Dimmers to one Milenyia RF Wall Dimmer
- Allows light to be dimmed from multiple locations

Model numbers:

RDSU-452B-IAW-M

Milenyia Accessory Dimmer, White with Insert and Frame
