

## DATA SHEET

# RCP07

## 7 BUTTON RF WALL PLATE CONTROLLER

### WHAT IS IT ?

A wireless 7 button wall mounted control panel providing 4 scenes plus off and master raise and lower.

The unit provides full scene programming.

Lithium battery powered so can be mounted anywhere without having to run cabling.

The RCP07 wireless push button wall plate controller with 4 scenes, off and master raise and lower buttons

### WIRE-FREE CONTROL

The RCP07 push button wall plate controllers are designed to be mounted anywhere, be it flush mounting to UK back-boxes or simply surface mounted to any flat surface using the patress provided.

RAKOM coded radio transmission eliminates the need for any data or power cabling ensuring that the system can be installed with minimum fuss and disruption.

Flat metal cover plate accessory kits are available in a variety of standard finishes including: brushed stainless steel, mirrored stainless steel and polished brass.

Versions Available:

RCP07W - White finish

RCP07C - Charcoal finish
